

2026 CATALOGUE

Wolfin Enterprise Company Limited

ABOUT US

We are a professional manufacturer and supplier specializing in motorcycle boots, with extended expertise in producing high-performance footwear such as cycling shoes and safety shoes. Our commitment is to combine protection, performance, and style—delivering footwear that meets the highest standards of both function and aesthetics.

Backed by a dedicated R&D team, we continuously track global market trends and transform insights into innovative product designs. Our engineers are proficient in mold development and modification, ensuring precision from concept to final production. With this full-spectrum capability, we help our partners transform their creative visions into market-ready, sellable products.

We work closely with international brands under OEM and ODM partnerships, providing flexible cooperation models tailored to client needs. To ensure top-level comfort and durability, we incorporate premium materials from renowned suppliers such as Sympatex® and Ortholite®, among others.

Our manufacturing base includes two factories in China and one reserve facility in Cambodia, allowing us to maintain stable production capacity, cost efficiency, and responsive delivery schedules for global clients.

At the heart of our company lies a passion for innovation, craftsmanship, and reliability. Whether you are developing a new product line or seeking a trusted partner to bring your footwear concepts to life, we are ready to walk alongside you—every step of the way.

Ankle Pivot System

Provide ankle better protection and still keep flexibility

LA- OS202

■BK

Upper :

Lightweight breathable microfiber. Injection-molded front and side panels allow easy entry and precise fit for the feet/legs; cushioned curved area at the back provides enhanced comfort. Hinged ankle system for better movement.

Reinforcements :

Shock absorb structure made of TPU shaped in front shin plate, toe guard, real calf and ankle protection.

Sliders : Replaceable toe sliders.

Closure : YKK zipper + Velcro tab, adjustable buckle with strap.

Outsole : Durable compound rubber.

Size : EURO39-48

LA-MSS202

Replaceable TPU toe slider designed slightly slimmer, cleaner finish. Adjusted closer to area of slide impact. Compatible with our newer racing shoes.

LA-MSR242W

13634 : 2017

Upper :

Lightweight breathable microfiber.
Two sided open for bigger calf riders.

Reinforcements :

Shock absorb structure
made of polyurethane, strategically
positioned in shin plate, calf, toe and
heel for better protection.

Sliders : Replaceable toe sliders.

Closure : YKK zipper and Velcro.

Outsole : Durable compound rubber.

Size : EURO37-48
